PROJECTS

LivMedly

- Project Link - <https://livmedly.vercel.app/>
 - A dynamic web application built using HTML, CSS, JavaScript, PHP, and SQL for seamless user interaction and data management.
 - The project includes user authentication, database integration, and a responsive UI, ensuring smooth functionality and accessibility.

Live Weather App

- Project Link - <https://github.com/hetdabhi/live-weather-app/>
 - Live Weather App is a web application that provides real-time weather updates based on user input.
 - It fetches weather data using an API and displays temperature, humidity, wind speed, and weather conditions in a clean and interactive UI.

Portfolio

- Project Link - <https://portfolio-hetdabhi.vercel.app/>
 - Assisted in the design and implementation of systems for small to mid-sized business clients
 - Collaborated with junior and senior designers to develop system specifications and documentation

ACADEMIC HISTORY

Parul University | 2023-2026

B.Tech Computer Science Engineering

- CGPA: 7.75 / 10

RMS Polytechnic | 2020-2023

Bachelor of Science in Computer Engineering

- CGPA: 8.60 / 10

CERTIFICATION

Computer Networks and Internet Protocol

- This course covers computer network basics, including TCP/IP, DNS, DHCP, IP addressing, routing, subnetting, and security. It provides practical skills for configuring and troubleshooting networks.

Networking Essentials

- This course covers networking fundamentals, including the OSI model, TCP/IP, IP addressing, subnetting, routing, switching, and security. Students learn to configure, troubleshoot networks, and work with DNS, DHCP, VLANs, wireless networking, and firewalls.

KEY EXPERTISE

- Web Development
- Database Management
- Full-Stack Web Development
- Version Control and Collaboration
- Teamwork and Communication
- Deployment & Hosting

ACHIEVEMENTS

- Designed and developed a personal portfolio using HTML, CSS, JavaScript, and SCSS to showcase projects, skills, and accomplishments.
- Developed & Deployed Livmedly – Built and launched Livmedly on Vercel, showcasing expertise in full-stack web development using modern technologies.
- Built a Full-Stack CRUD Application – Developed a complete CRUD (Create, Read, Update, Delete) application using React.js, Node.js, Express.js, and MongoDB. Deployed the frontend on Vercel and the backend on Render, ensuring a smooth and scalable web experience.

PERSONAL INTERESTS / HOBBIES

- Working on side projects to improve coding skills and contributing to open-source platforms.
- Enjoying multiplayer games like BGMI and COC for fun and strategy development.
- Listening to rap songs for relaxation and creative inspiration.
